Trip Description

Horseshoe Canyon Ranch offers spectacular sandstone climbing in the beautiful Ozark Mountains of northern Arkansas. Located on a rustic dude ranch, we will hike to our climb site each morning where we will top rope on various routes, offering challenges for all skill levels.

Sandstone offers the perfect friction for climbing, which is one reason why the southeast is world renowned for its climbing. You will have the opportunity to tie in and ascend the sandstone, reaching new heights and a picturesque view of the canyon below you. Another option would be to test your grit against the low lying boulder fields surrounding the cliffs.

We will provide you with instruction, group equipment, and memories of a lifetime.

We can’t wait for you to join us this spring break in the beautiful state of Arkansas!

• Day 6 and 7 - Climbing Horseshoe Canyon Ranch
• Day 8 - Drive back to IUOA (Bloomington); Estimated trip completion = 11:00pm

• DISCLAIMER: The above itinerary is merely “Plan A”. However, due to the nature of our trips, Plan A is often times not the final result. Injuries, weather, traffic delays, and a change of expectations are a few examples of reasons that can, and frequently do, alter the original plan. Please be understanding and forgiving of these changes as our overall goal is to have a fun GROUP experience.

• Plan B: Jackson Falls (So. Illinois) is a great backup plan that will likely be utilized if weather in Arkansas is poor. This may be done on our way south or headed back north towards the end of the trip.

Weather

• Expected Low Temp: 38 degrees
• Expected High Temp: 60 degrees
• Rain and cold are always a possibility

Food

• Unless otherwise stated, food is included in the cost of the trip. However, this is typically NOT the case during travel and participants are expected to bring money to purchase their own meals while driving. The total amount of meals during travel is typically 2-6 but will vary depending on the distance traveled.

• Food is planned and purchased by the trip leaders. Some of the menu will typically include dry foods from the Cache Lake Co. while other fresh goods and ingredients will be purchased from local grocery stores as the planned meals require.

• If you have any allergies or preferences, please let your leaders know ASAP so they can plan accordingly. IUOA includes vegetarian options in our menu budget and can accommodate some allergies and preferences more easily than others. However, some participants may be asked to supplement their dietary needs with some of their own additional funds.

Gear

• IUOA provides you with much of the technical gear needed for your adventure but you will be expected to bring some smaller items as personal gear.

• Included Group Gear:
  • Technical Equipment (Harness, Shoes, Helmet, Hardware)
  • Shelter (Tents/Tarps)
  • Cookware (Pots, Pans, Stoves, Fuel, etc)
  • Safety Equipment (First Aid Kit, Compass, Whistle)
  • Health and Sanitation Supplies (Restop Bags, Trowel, Hand Sanitizer/Soap, Toilet Paper)
Transportation

• Transportation, unless otherwise stated, is provided through the rental of IU Motor Pool vehicles. Drivers of those vehicles are employees of IU Outdoor Adventures who are at least 20 years old and have cleared the driver approval process of Indiana University.

• Additionally, participants of the trip who are at least 21 years of age and are students/staff of Indiana University are invited to clear the same driver approval process in order to help our trip leaders transport the group to and from our adventure location(s).

• To become an approved driver, please fill out the “Authorization Form for Motor Vehicle Records Check” (attached) and send it to Heather Teague at hteague@indiana.edu. Please note that you must then call her directly at 812-855-9785 to provide her with additional information.

Risk Management

• At least one, if not all, of the IUOA Trip Leaders who will lead your trip are trained in wilderness first aid (SOLO WFR/WFA). If a medical emergency were to occur, they would serve as your first responders before the Emergency Medical System (EMS) is able to take over care.

• Trips that travel into backcountry settings are typically provided a SPOT Locator (GPS) or satellite phone in case of emergency (not always applicable).

• Anyone who would like to participate in an IU Outdoor Adventures program will be expected to fill out an Assumption of Risk Form (see attached). If you have any questions about the nature of your experience and the inherent risks involved, please ask your trip leader to clarify before signing the waiver.

• Anyone who would like to participate in an IU Outdoor Adventures program will also be expected to fill out a Health Form (see attached). This form will aid your leaders in responding to a medical emergency and, although this information is voluntary, we ask that you please be thorough and detailed so that your leaders can respond quickly and appropriately, should the need arise.

• As part of our trip preparations and risk management process, each leader team compiles a detailed Risk Management Plan (RMP) that outlines the trip details and itinerary, Emergency Action Plan (EAP), medical notes, and important contact information for land management agencies, campsites and outfitters (when applicable), and emergency personnel.

• Every IUOA program has an assigned full-time administrator that serves as "on-call" support should an emergency occur. If you would like the contact information for that administrator, please request it by contacting your trip leader.

Payment

• To reserve your place on the trip, please call or visit our shop during open hours.
  • Phone: 812-855-2231
  • Location: Eigenmann Hall 020

• A 20% non-refundable deposit is due at the time of your reservation. You are also welcome to make the full payment which then eliminates any risk of losing your place on the trip.

• If you choose to make a partial payment(s), the total amount due will be expected exactly 1 month prior to the trip departure date. Failure to make your full payment on time will potentially result in you losing your spot on the trip, along with your 20% deposit, to anyone ready and willing to pay in full.

• Trip registration will remain open after the 1 month deadline but only full payments will accepted.

• Failure to make your full payment 14 days prior to the trip departure date WILL result in you losing your spot and any current balance paid towards your trip.

Cancellation

• If you choose to cancel your reservation more than 14 days prior to the trip departure date, you will receive a refund of up to 80% of the total balance due, depending on the amount paid to date. IUOA will then keep the 20% non-refundable portion of your payment.

• If you choose to cancel your reservation within 14 days of your trip, you will NOT receive a refund of any kind. If you have not paid the total balance due, you will still be expected to complete that payment despite not attending the trip.
Authorization Form for Motor Vehicle Records Check

The purpose of this form is to obtain your authorization to conduct a Motor Vehicle Records (MVR) check for the university’s use in determining if you will receive or maintain authorization to drive on university business. Only information related to driver’s license will be obtained for students, current employees and applicants offered employment.

As a condition for driving any vehicle on university business including your personal vehicle or a university vehicle, drivers must give Indiana University authorization to conduct a MVR check and provide all necessary information for the check. Driving on university business will be prohibited if authorization to conduct a MVR check is not given. An MVR check will be conducted annually unless the Office of Insurance, Loss Control & Claims (INLOCC) determines a more frequent check is necessary. You will be provided a copy of the MVR check if requested and will receive a copy if its contents will affect the authorization to drive on university business. Because a suspension of your authorization to drive may impact upon your employment, you and your department will be notified if your authorization to drive on university business is suspended or at risk of being suspended.

Any driver who continues to drive on university business after refusing to authorize a MVR check or after authorization to drive on university business has been suspended will be subject to the corrective action procedures contained in the university’s policies, as applicable. Such drivers will be deemed to be acting outside the scope of their employment and will not be covered by The Trustees of Indiana University Defense and Indemnification Policies. In the event of a claim or suit arising while driving on university business under these circumstances, the driver will not be indemnified.

Drivers authorized to drive any vehicle on university business must report to INLOCC any accident occurring while driving a university vehicle, any license suspension, and any conviction for a moving violation whether the violation occurred on or off the job. Indiana University will conduct a Motor Vehicle Records (MVR) check if an individual meets any of the following situations:

1. Employees who drive or who are expected to drive on university business at any time whether using a university or a personal vehicle.
2. Individuals offered employment into a job for which authorization to drive on university business is a requirement of the job.
3. Any student who wishes to drive a university vehicle.
4. Anyone using a vehicle from the university Motor Pool or renting from an outside agency in the name of Indiana University.
5. Anyone who has had a vehicular accident while on university business or in a university vehicle.

If you are in one of these categories, complete and submit this form via fax (812-855-9320), Email, mail or walk-in to the Office of Insurance, Loss Control & Claims, Poplars 705, 400 E. 7th Street, Bloomington 47405.
